To Reject Red H-Bomb Protest

Russians Want No More Pacific Tests

WASHINGTON (AP)—Russia's protest against upcoming American H-bomb tests in the Pacific appears certain to be rejected after United States officials have completed their study of it.

Authorities said today that the protest is both old and baseless. They said the issue which it raises has previously been thrashed out in the United Nations Trusteeship Council with Russia getting no support. Russia then withdrew the resolution it had offered.

The note was delivered Wednesday, but not until after the Moscow radio announced the action late Friday did it come to the attention of top officials. They finally ran it down, after about two hours of checking, in the translation division where it had been put into English.

The press office did not know exactly what had happened but surmised the note was brought in by a Soviet messenger, handed to a receptionist or other functionary and handled as if it were a routine diplomatic inquiry.

The new note, like Russia's previous complaint before the U.N., contended that the projected test explosions "threaten the life and well being of the population of the (Pacific island) trusteeship territory as well as the population of a number of states in the Pacific Ocean area."

The American plan was attacked as "incompatible with the aims and principles of the international trusteeship system" under the U.N. Charter.

The protest was regarded as a Soviet bid for good will among peoples over the world, notably in India and Japan, where atomic explosions are deplored at any time and under any circumstances.

Russia could not protest the American project directly because it has set off many test explosions of its own in Siberia.

Miss Truman, Clifton Daniel To Become Man, Wife Today

INDEPENDENCE, Mo. (AP)—Harry S. Truman's daughter Margaret, as happy a young woman as ever lost her heart to a man, gets married today.

The blonde-haired girl who grew to young womanhood in the White House and Clifton Daniel Jr., the handsome foreign correspondent

who wooed and won her in a whirlwind romance, exchange vows in little Trinity Episcopal Church.

After a brief reception in the big, white-framed Truman home at 219 N. Delaware St., they will fly off to Nassau, the Bahamas, for a honeymoon of two weeks.

And her father, the former President, can relax from the ordeal that every father of a bride can understand.

Harry Likes Him

"I am happy because Margaret is happy," he said. "The more I see of Margaret's young man the better I like him."

Daniel, 43, assistant to the foreign editor of the New York Times, and the 32-year-old radio-TV actress-singer pursued their arm-in-arm courtship about Independence while Truman's neighbors looked on approvingly but with a minimum of hubbub.

Wedding day dawned with premarital events moving like clockwork on the quiet and simple pattern upon which mother, father and daughter agreed.

It was at Trinity Episcopal Church that Truman, a life-long Baptist, was married to Bess Wallace 37 years ago.

To Carry Prayer Book

Margaret, when she goes down the aisle with her father, will carry a prayer book given her by grandmother Wallace when she was confirmed in 1940.

She will wear something old, something new, something borrowed, and something blue, as befits the occasion, but she asked permission to keep secret just what those articles are.

The church was decorated with large pots of woodwardia ferns and white chrysanthemums and white stock. Candelabra with 18-inch white tapers were interspersed among the flowers and ferns. There were two large candles on the altar.

Only members of the families, a few close friends and a few members of the press were invited to the ceremony, to be performed by the rector, the Rev. Patrick Hutton. The bride will wear an ankle-length blythe gown made of centuries-old Venetian lace. The gown was designed by Nicol Fontana of Rome, who will be one of the wedding guests.

Margaret will have two attendants, Mrs. W. Coleman Branton, Kansas City, and Mrs. John Horton, Los Angeles, daughter of John Snyder, Truman's former secretary of the Treasury.

The groom will wear trousers of tiny black and white shepherd plaid, gray weskit and Oxford gray jacket.

The announcement took no note of recurrent speculation that Godfrey may be near retirement.

400 Newspaper Editors To Hear Address By Ike

Speech To Be Review And Look Ahead At U.S. Foreign Policy

WASHINGTON (AP)—A gathering of newspaper editors today awaited a major speech by President Eisenhower. Administration sources said it would provide a "review and a look ahead" at American foreign policy.

But before Eisenhower's address tonight, members of the American Society of Newspaper Editors arranged to listen to a luncheon talk by Adlai Stevenson, who is seeking the Democratic presidential nomination. The subject of Stevenson's speech has not been announced, but he has been a frequent critic of Eisenhower administration foreign policies.

400 Editors Convene

The setting for Eisenhower's speech will be a dinner ending a three-day convention of some 400 editors from around the nation. The speech will be broadcast (10 p.m. EST) by all major radio networks. The CBS television network also will carry it.

At that same dinner, Jenkins Lloyd Jones, 44, editor of the Tulsa, Okla., Tribune, will be installed as ASNE's president for the coming year.

The society's board of directors was scheduled to elect new officers today, but under a policy of succession in office, the selection of Jones as president was a foregone conclusion. The former Navy officer has been first vice president, thus putting him in line to succeed Editor Kenneth MacDon-

ald of the Des Moines Register and Tribune.

Under the same practice of succession, Virginia Dabney of the Richmond, Va., Times-Dispatch was scheduled to move up from second vice president to first vice president, thus putting him in line for the presidency one year hence.

The ASNE Friday elected four new directors to its board, and re-elected two incumbents—Turner Catledge, managing editor of the New York Times, and Felix R. McKnight, managing editor of the Dallas Morning News.

The newly elected directors are Lee Hitts, executive editor of the Detroit Free Press, Louis B. Setzer, editor of the Cleveland Press, and C. G. Wellington, executive editor of the Kansas City Star.

All designated for three-year terms — and Wallace Lomoe, managing editor of the Milwaukee Journal, for a one-year term. Lomoe will complete the unexpired portion of the term of retiring President MacDonald who now he comes an ex officio board member.

Playboy Acquitted Of Murder Charge

SULPHUR, Okla. (AP)—David Fred Hagler Jr., 38, admitted Fort Worth, Tex., playboy, was acquitted Friday night by a District Court jury of a murder charge involving the death of an unknown man.

The body of a man which has never been identified was found in a smoldering station wagon on a lonely mountain road near Davis more than 18 months ago.

The jury of 11 men and 1 woman deliberated just over five hours before reaching the verdict, freeing Hagler, a former \$23,000-a-year asphalt salesman.

After the verdict, jurors said that one point caused the acquittal decision. That was whether the man was dead or alive at the time the vehicle was burned.

During the five-day trial, the state built its case on circumstantial evidence, asking for imprisonment for what it contended was a \$30,000 life insurance plot. The state claimed Hagler substituted a man for himself and burned his former wife's station wagon Oct. 10, 1954.

Hammaraskjold To Begin New Peace Moves

U.N. Envoy Expresses Confidence As He Meets Lebanese Chiefs

BEIRUT, Lebanon (AP)—Back in his Beirut headquarters, Dag Hammarskjold headed into conferences with Lebanese leaders today prior to embarking on new moves next week in his Middle East mission for peace.

The U. N. secretary general expressed confidence that "we are on the right road" as he completed four days of talks with Israeli leaders in Jerusalem.

Cease-Fire Announced

During that time, he announced an Israeli-Egyptian cease-fire agreement. The pledges by the two nations to refrain from hostile acts along their volatile border area represented Hammarskjold's biggest accomplishment in the first two weeks of his mission.

Hammaraskjold conferred with Egyptian leaders in Cairo before going to Jerusalem.

To Visit Jordan, Syria

He is scheduled to visit Jordan and Syria next week to seek similar pledges between those nations and Israel.

The Jordan-Israeli border has been marked by outbreaks this week. An Israeli spokesman said Jordanians slipped inside Israel Thursday night and fired at a military car in the Judean hills. He said the Israelis fired back. A shooting incident to the south killed one Israeli soldier and two Jordanian guardsmen the day before, reports by the two sides said.

Meanwhile, Egypt charged that Israel had violated the cease-fire by firing on the Egyptian-held Gaza strip and sending a plane over the area Friday for the third straight day.

An Israeli spokesman denied the charge. U. N. officials in Cairo described the cases as "minor incidents of little importance."

While Hammarskjold was blocking out his next moves in the peace campaign, chiefs of three Arab states conferred in the Saudi Arabia walled city of Jidda, 40 miles northwest of Mecca.

Reports from Jidda said King Saud of Saudi Arabia and Iman Ahmed of Yemen met to sign a recently negotiated military pact. Premier Gamal Abdel Nasser of Egypt, leader of the Arab bloc, left Cairo to join the rulers.

Hammarskjold's peace talks with the Lebanese were expected to progress smoothly. Premier Abdullah Al Yafi and Foreign Minister Salim Lahoud already have told Hammarskjold they are "ready to accept all proposals to reduce tension."

Blood Obtained Here Far Short Of Quota

Eighty-eight pints of blood, 37 fewer than the 125-pint quota, were obtained by the Cleveland Red Cross Bloodmobile while it was stationed at the American Legion Home here Friday between 10 a.m. and 4 p.m. Miss Hazel Linn, Red Cross executive secretary, reported.

The total is the lowest ever obtained here by the bloodmobile.

Nineteen prospective donors were rejected because they had colds, Miss Linn said. The next visit of the bloodmobile here will be June 1.

The bloodmobile has appeared here 10 times and has been unable to reach its 125-pint goal in each of its visits.

Miss Linn said the Salem Red Cross chapter is in arrears in its donations compared with the number of pints of blood used at the city's two hospitals and by Salem patients at other hospitals.

\$514,137 Building Project Announced

Leetonia School Bond Issue Election Is Set

The County Board of Election has authorized the holding of a special election July 31, to permit the Leetonia exempted village school district voters to ballot on a \$514,137 school bond issue.

The bonds would finance the building and furnishing of a 24-room elementary and junior high school and the construction of a multi-purpose room at the Washingtonville elementary school and a music room at the senior high school in Leetonia.

Passage of the bond issue will require a 60 per cent majority of the votes. The voting district will consist of eight precincts: four in Leetonia, two in Salem Township, two in Mahoning County; one in Washingtonville and the other, Green No. 2.

Plans for the proposed new

building were stepped up last week when the board of education hired an architect, Robert Beatty, of East Liverpool, to submit estimated costs for the new structure.

The action was prompted by the immediate need for additional housing.

Surveys completed by school and citizen groups during the past year have shown that enrollment in the schools has increased to such an extent that only a new school will alleviate the crowded conditions.

All available room at the high school is used during every minute of the school day, and increased classes are foreseen for next year, the school board reports.

The board hopes to secure financial aid on the proposed project from the State Department of Education.

Playwright Charles MacArthur, Husband Of Helen Hayes, Dies

NEW YORK (AP)—Charles MacArthur, 60, playwright and movie writer and husband of actress Helen Hayes, died today in New York Hospital. He had been suffering from nephritis, a kidney ailment, and severe anemia.

He was best known for his play

"The Front Page" which he wrote in collaboration with Ben Hecht. He and Hecht teamed to write the Oscar winning movie "The Scoundrel."

MacArthur entered the hospital Wednesday. Miss Hayes was in constant attendance at his bedside. Because of his illness she cancelled a May 6 television appearance in the play "The Cradle Song."

The late Alexander Woolcott, critic, author and raconteur, once said of MacArthur "everyone who knows him lights up when he hears his name and starts talking about him as if he was a marvelous circus that once passed his way."

Former Newspaperman

Before MacArthur became known for his theatrical writings, he was a newspaperman in Chicago and New York. From that experience came "The Front Page," a rowdy drama of the newspaper business.

His deftness with words probably had a good deal to do with triggering his romance with Miss Hayes who at the time of their meeting was a star in the Broadway hit "Coquette."

The scene was a party at the home of artist Neysa McMein. MacArthur approached the actress, munching from a bag of peanuts. He offered her some, saying "I wish they were emeralds." They were married Aug. 17, 1928.

A year later the prospective birth of their daughter, Mary, made news.

According to state patrolmen, his car was demolished when it went off the right side of the road and struck a culvert.

DIES WHILE DRIVING

CLEVELAND (AP)—Carl C. Dewald, 65, who had been a teacher at Cleveland Heights high school for 38 years, died Friday as he was driving his automobile from a parking lot on Superior Avenue. Police said he had been under a doctor's care for a heart condition for three years. Dewald's car continued across the street and came to a stop against a utility pole.

Top-Level Talks To Continue At Country Home

Bulganin, Khrushchev Agree To Help Seek Middle East Peace

LONDON (AP)—Russia's two top-level leaders set out today for a weekend stay at Prime Minister Eden's country residence and another round of top-level talks on East-West issues.

Soviet Premier Bulganin and Communist boss Nikita Khrushchev, who have agreed to join the British in a search for a Middle East peace plan, were slated to spend the night at Eden's after a tour of the English countryside.

British Foreign Secretary Selwyn Lloyd also will be on hand at Chequers—official residence of Britain's prime ministers.

Security Screen Continues

The tight security screen which has enveloped the Soviet leaders since their arrival Wednesday for a 10-day visit, will be carried into the countryside.

An unprecedented security cordon will remain around Eden's residence until the two visitors leave Sunday afternoon for tea with Queen Elizabeth II at Windsor Castle.

Today's itinerary included stops at ancient Oxford University and Britain's top secret atomic center at Harwell.

After Friday's round of talks, the Russian leaders and Eden offered their experts to submit proposals for a U.N. program designed to avoid war between Arabs and Israelis.

Diplomatic informants said the experts had been ordered to report back by next Tuesday. They added that President Eisenhower would be kept informed of developments.

The agreement to seek a peace plan was reached after Eden reportedly warned that a Holy Land conflict could spark an East-West H-bomb war.

The United States, Britain and Russia already have come out for action through the U.N. to stave off any Arab-Israeli conflict and promote a solid basis for peace.

Man Who Fled Prison 20 Years Ago Nabbed

LONDON, Ohio (AP)—A man who walked away from London Prison Farm more than 20 years ago was being held in Baton Rouge, La., today for Ohio authorities.

Roderick B. Eckle, prison farm superintendent, identified the fugitive as John Snyder, 42, who was serving a 1-15 year sentence for burglary when he walked away from the farm Feb. 23, 1936.

Eckle said Snyder was arrested at Baton Rouge March 30 and refused to waive extradition. Gov. Frank J. Lausche has issued extradition papers asking Snyder's return to Ohio.

Snyder was convicted in Columbiana County for burglarizing a filling station. He was admitted to Ohio Penitentiary June 4, 1935, and transferred to London Sept. 18, 1935.

Eckle said he did not learn any of the details of Snyder's arrest in Baton Rouge.

Rates Of Pay For Pickers To Be Set By Berry Growers

COLUMBIANA — Columbiana and Mahoning county berry growers meet in the high school here Friday night and decided to meet again at the same place at 8 p.m. Friday, May 18 to decide on rates of pay for pickers. Employment bureau representatives will be present.

26 Will Be Arraigned Before Judge Sharp

LISBON — Twenty-six persons, indicted on various charges by the Columbiana County grand jury, will be arraigned before Common Pleas Court Judge Joel H. Sharp Monday in Lisbon.

Among the total, seven East Liverpool police and special patrolmen will be arraigned on burglary charges, and five alleged East Liverpool gamblers, on charges of "maintaining rooms for gambling purposes."

LISBON COUNCIL TO MEET

LISBON — Council will meet Monday at 7:30 p.m. in its chambers at village hall, with routine business in order.

President Thomas Collella of New Waterford turned the meeting over to Columbiana County Agricultural Agent Lloyd Lower who conducted a discussion on advertising and marketing. Growers plan to capture more of the berry market for the home grown product and newspaper, radio and television advertising as discussed. It was decided to assess members \$2 per acre for land in berry production to pay for the proposed advertising campaign.

Remittances are to be made to the secretary - treasurer Eugene Hoffman of near Greenford, RD 5, Salem. It is estimated that about 200 acres in the association are being devoted to berry growing and that the yield amounts to about a million quarts in a season, one-third of which is sent to the Pittsburgh market, one-fourth to Cleveland and one-fifth to Youngstown.

Some growers expressed the belief that the area to the south as far down the river as Steubenville and Weirton, W. Va., is a better market than the area to the north. Letters will be sent retailers in the association's areas calling attention to the quality of the fresh home grown berries in comparison with those shipped in.

Ted Leed, marketing specialist from Ohio State University, was present and gave suggestions along that line. About 35 attended.

Bible Words for Today

MATTHEW 20:25-28 — "But Jesus called them to him and said, 'You know that the rulers of the Gentiles lord it over them, and their great men exercise authority over them. It shall not be so among you; but whoever would be great among you must be your servant, and whoever would be first among you must be your slave; even as the Son of man came not to be served but to serve, and to give his life as a ransom for many.'" (RSV)

In one sense, there are just two groups in human society: the servers and those being served. Jesus indicated very clearly that his mission was to be a server. He really wanted to minister, not to be ministered unto. He gladly accepted the role of service for himself. Paul thought of himself as a servant or slave of Christ and of God.

There are some in our human society who want to be served, and who think they can force others to serve them. This has been basic in many of the wars both within and between nations. For one to become an effective server, he must have the right to choose the role of service for himself; it cannot be forced upon him. When he voluntarily chooses to be a server, rather than to be served, he can do an effective service for his Lord and fellow-men.

Men are coming to see that it is good business to become servers of the public. And so we find numerous "service" stations and "service" groups. Doing more than one is paid for is "paying off" in modern society. Still there are many individuals and organizations which have not been converted to this idea. The result is that we have conflict and confusion between the servers and those who want to be served.

Confident Living

By NORMAN VINCENT PEALE

What Everybody Really Wants

A successful personnel manager once told me that he hires people by the kind of eyes they have! "I look over the applications they have filled out, giving their past records," he said, "but what I say on the application form is only a minor consideration. I base my final decision on what I see in their eyes. If a man's eyes are sleepy and dull, I don't want him. I want alive-eyed people!"

I don't know how good a system that is from a practical standpoint, but I must confess, ever since I had that conversation, I take a good hard look at myself each time I get before my shaving mirror. One thing is sure — he was right in that the only people who are good for any job are those who are alive inside and out. And isn't that what we all really want — to be fully alive in every sense of the word?

I remember one night about five years ago being on a train going from New York to Pittsburgh. A man came into the dining car and sat down across from me. "These are the most uncomfortable chairs," he groaned. Then he asked, "What are you eating?"

I told him, "Any good?" he demanded. "I never get a good meal in a dining car."

HE ORDERED and I never saw a man consume so much food.

"Wasn't that awful," he asked, after finishing everything in sight. "This is a terrible train, isn't it?" "I think it's a fine train," I said. "One of the best on the Pennsylvania. I might even call it a gleaming institution of shining steel speeding through the night, with romance in every detail of its construction."

"Romance!" he snorted. "There's no romance in this life."

"What's the matter with you?" I asked. "A man like you, in good health, shouldn't be thinking so gloomily and negatively."

"Well, I am not happy," he said. "I am half sick. I'm tired, I'm nervous, I'm discouraged and gloomy. I've got aches and pains and I'm getting old and fat. Can you tell me what to do?"

"YES, I CAN," I replied promptly. "In the first place, when you sit down, you should have said: 'Glad to see you. Isn't this a wonderful dinner?'"

"I didn't think so," he muttered. "I have been dishonest if I'd said so."

"You were dishonest in not saying so," I told him. "You must have thought it was good because you ate every bit of it. After dinner, you should have said: 'This is a fine train and things are wonderful. Tomorrow, going to be a great day for me!'"

He stared at me. "I can't talk like that!"

"You can," I assured him. "If you have faith in the power of God in your life."

We continued our conversation quite a while on that train. I urged him to deliberately practice looking at the hopeful and positive side of life.

THE NEXT MORNING, when we arrived in Pittsburgh, the smoky overcast skies threatened rain. I heard the porter say to my companion of the night before, "Did you have a good night, sir?" "Not too good," he said. Then he saw me and grinned. His attitude changed and he said "O, hello Doctor, isn't this a beautiful morning?" He was learning already.

That's the way to come alive. Think positive, vigorous, dynamic thoughts. Affirm goodness, happiness and health and you will develop them. Assume that as long as you live Almighty God will continue to pour into you His own re-creation of life, vigor, vitality, force and energy. When you live this way, you'll have what everybody really wants — life.

From Fear to Freedom

For those facing fear and trouble, the door of Truth is open today as never before, and man-made measurements of hope and health can no longer shut it.

A great book, the Christian Science textbook

SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy

is clearly explaining the inspiring truth and thereby opening the way to freedom. In a plain way it is showing how the Bible promises can be made practical in daily life. It shows what real freedom is and how it can be won.

Many are turning today to this great book, stepping thankfully through the door of promise into their God-given heritage of freedom. It may be read, borrowed or bought at

The sun makes golden patterns across the tiled floor, and there seems something ageless and of wondrous beauty in the vaulted arches of solid stone. Here there is sanctuary, freedom, at least temporarily, from the worries of the outer world.

In every great life, there have been times of reflection and meditation. There have been moments of solitude to renew a flagging spirit with the infinite power of God, to find an inner peace which comes from another world.

In every life, there are times when sanctuary is needed. There are moments when the quiet witness of the Holy House is more eloquent than all the words in the world.

Often a step into the shadowed quiet of a church brings a resurgence of faith and courage that sets life on a new and greater course. This is the miracle of sanctuary—a miracle that can happen TO YOU!

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

No one ever writes a novel about the Man in The Sharkskin Suit because the truth is he is a drab and uninteresting character. The poor fellow doesn't quite have it, and no one has had the courage to tell him. He hasn't the courage to tell himself, as a matter of fact, because he is pretty pleased to be wearing sharkskin instead of shoddy or denim, which is what his old man wore, with a shiny blue serge for Sundays.

His administration, known as the "Era of Good Feeling," was in reality full of plots and disagreements—one example being the Missouri Compromise. However, legislation of great constructive value was enacted: peace with England, 1817; acquisition of Florida by purchase from Spain; and the seal was set for all time against foreign interference on American soil by the famous "Monroe Doctrine" in 1823. He retired from the White House to his farm at Oak Hill, Virginia. He died, poor, in New York City, July 4, 1831, aged 73.

Sheep cannot be helped, except against their will, being in that respect a great deal like people. They react strongly and hysterically to evidence that anything out of the ordinary is about to happen; they have extra-sensory ability to read a man's mind and thwart his plans.

But if allowed to make up their sheepish minds, they will help themselves, which is a lesson well worth learning every springtime when even an innocent bystander in RFD becomes involved in the complex affairs of the minor of the animal kingdom.

HEART-STOPPING PROGRESS—Another medical frontier has been crossed. Surgery on a completely stopped and bloodless heart has been reported for the first time by a team of Cleveland, Ohio, surgeons. The new operation, developed at the Cleveland Clinic, defies one of the most basic concepts of surgery, using the dread "cardiac arrest" for the benefit of both patient and doctor. Potassium citrate is injected into the crown of the heart after heart and lungs have been bypassed by the now familiar heart-lung machine. When the operation is over, the heart resumes its rhythmic beating automatically. The operation, which requires a team of 15 surgeons and nurses, above, has been performed successfully on eight children.

Thirty-five members were present when the Green Thumb Garden Club entertained the Village Gardeners at Heck's restaurant, Thursday evening. U-shaped tables were decorated with daffodils and forsythia.

Coyle, who showed colored slides of flowers, plants and trees, made from pictures taken on trips to Florida, Louisiana, California and South America. They also displayed several different kinds of wood, dried seed pods and dried flowers.

Salem China Co. Opposes Legislation

Strong opposition to foreign trade legislation now pending in Congress has been announced by the Salem China Co.

Members of Locals 42 and 240, International Brotherhood of Pottery and the office and management staff of the company have signed a resolution opposing the passage of House Resolution 5530 "which threatens to weaken still further the control of Congress and the American people over the national tariff and foreign trade policy of the United States."

The bill which was approved by the House Ways and Means Committee by a vote of 17-7, authorizes United States membership in a new international organization called the Organization for Trade Cooperation. A substantial reduction in tariffs is one of the principal goals of the organization. Copies of the signed resolution have been mailed to Senators George Bender and John Bricker and Representatives Wayne L. Hays and Michael Kirwin urging them to oppose the legislation.

Rejection Of Canton Vote Recount Upheld

COLUMBUS, Ohio (AP)—Charles L. Babcock, unsuccessful candidate for mayor of Canton in last year's election, was properly deprived of a vote recount, the Ohio Supreme Court has ruled.

When Babcock offered a bank cashier's check for \$1,390 to pay the cost of the proposed recount, he did not meet the statutory requirement, the court ruled Friday.

Board of election members refused the recount on grounds that Ohio law required Babcock to post cash or a certified check. Babcock, a Democrat, was defeated by Republican incumbent Carl F. Wise in the election.

The Supreme Court said: "The statutory requirements must be strictly complied with; a certified check and a bank money order differ in material respects and since he deposited a bank money order instead of a certified check as required by statute, he has no clear legal right which may be enforced by a writ of mandamus."

Wants No Youths At Hearing On Teacher

MCCONNELSVILLE, Ohio (AP)—A. B. Mercer, attorney for the nearby Deavertown board of education, says he will ask that persons under 18 not be permitted to attend when the board's hearing into the ouster of teacher Jack Eberle resumes May 3.

Eberle, 25, is seeking reinstatement in Deavertown high school after being fired March 11 on charges he paddled five girl students, taught Bible in class and was insubordinate.

Mercer said "I feel that they (the juveniles) should not hear the subjects which will be discussed."

Leetonia

6 Dirt Streets Will Be Paved

Power Ordinance Passed By Council

LEETONIA—Village Council at a meeting this week adopted a recommendation that six dirt streets be given a new black-top surface this year.

The street committee drafted the recommendation when it met Tuesday evening to discuss the street and paving situation. The following streets were approved for paving:

Main St. from Chestnut to the village parking lot, Summit St. from Chestnut to Walnut and from Elm to Oak, Pine St. from Main north one block, Spruce St. from Columbia to Somer, Mill from Columbia to Sommer, and Ridge St. from Lisbon to the west end of the street.

THE ENGINEERING has been completed on four of the proposed streets, but surveying remains to be done on Mill and Pine Sts. Five of the streets are to be paved by councilmanic order, and Mill will be paved by petition.

Present plans call for the installation of storm sewers, base, 30 foot black top surfaces, and formed curbs. The estimated average cost is \$5 per front foot. More detailed information will be available when the engineering is completed and specification sheets are compiled.

As soon as the engineering is completed a resolution of necessity for all six streets and other necessary legislation will be adopted by council.

In other council action Wednesday evening, the Ohio Edison rate ordinance passed its third and final reading.

The Knights of Columbus will confer the first degree on a class of over 20 candidates in the Leetonia lodge rooms Sunday at 2:30 p.m. The degree work is being put on for the Leetonia and Lisbon Council candidates. All members are urged to attend.

Wynn Tames Tigers As Indians Record First Victory, 3-1

Harder Credited For Aiding Hurler

Woodling Homer, Smith Breaks Tie

CLEVELAND (AP)—Early Wynn says part of the credit for the five-hit performance that made him the Cleveland Indians' first winning pitcher of the season should go to Mel Harder, the Tribe's pitching coach.

Wynn was struggling in the early innings of Friday's game against the Detroit Tigers, giving up a run, a hit and two walks in facing six batters in the first frame. Along about the third inning he asked that Harder, who usually works in the bullpen during games, be waved to the dugout.

For the remainder of the contest Harder and Wynn huddled while the Indians were at bat, and Wynn improved as the game progressed. He held the Tigers hitless in the last four innings of the Tribe's 3-1 triumph after giving up one hit in each of the first five frames.

"I seemed to be doing everything wrong and was just all fouled up at the start before I asked Mel to take a look," Wynn said. "He noticed that my stride was off and that I wasn't leaning forward enough with the pitch."

The Indians got six hits off Ned Garver in their home opener before 31,689 shivering fans—just one less than they got in losing their first two games to the White Sox in Chicago. Gene Woodling, who hit a 380-foot home run into the right field stands with none on, and Al Smith, with two singles, led the attack.

Woodling's homer in the first inning tied the score after the Tigers had made their run on a single, a walk, an infield out and a sacrifice fly.

The Indians broke the tie with what proved to be the winning run in the fifth frame when Bob Avila singled after two men were out, advanced to second when Woodling was walked and came home on a single by Chico Carrasquel and a single by Jim Hegan.

Mike Garcia was Manager Al Lopez's pitching choice today. He will oppose Bill Miller, Detroit southpaw who beat the Indians twice in the last 10 days of the 1955 season.

Marciano Giving Thought To Retiring

MACON, Ga. (AP)—Rocky Marciano, king of the heavyweight boxing world, hasn't abdicated yet.

The champion and his manager, Al Weill, left this mid-Georgia city today with out reaching a decision about Marciano's future. There has been considerable speculation that the champion is about ready to hang up his gloves.

The Brockton, Mass., knockout artist admits he's been giving some thought to retiring. But he says he has not yet decided whether to call it quits or defend again the title he won in September, 1952, by knocking out Jersey Joe Walcott in the 13th round.

The champion and his manager hadn't seen each other for three months until they got together here Friday for appearances on a benefit program to raise funds for a new youth center.

"It's a tough decision to make," Marciano said. "My wife and family want me to quit, but something as important as this takes time. Al and I have a lot of talking to do."

Williams Says Month To Tell Red Sox Fate

By JOE REICHLER

NEW YORK (AP)—Ted Williams thinks the first 30 days of the season will determine the fate of the Boston Red Sox.

If Boston can get off to a running start and stay in front of New York at the mid-May mark—say by three or four games—the Red Sox will have a good chance to upset the favored Yankees. That's the opinion of the Red Sox slugger who never has been known to avoid saying exactly what is on his mind.

"I'm not yet ready to say we've got as good a chance to win as the Yankees have," he said. "I think we have a better team than last year but we can use some help. I think we need just a little more hitting—one more thumper, whether he's left-handed or right-handed."

"The kids—Don Buddin and Frank Malzone—look like they'll help, but the key to our offense is Sammy White. If he can add about 10 home runs and pick up 20 or 25 RBIs he'd be the greatest catcher in the league."

"We can use more balance in the pitching department. All our front line pitching is right-handed. If either of our southpaws—Mel Parnell or Frank Baumann, or both—come through, we'll give the Yankees or any other club a real battle."

Williams pointed out that the schedule gives the Red Sox a tremendous early season break. "We play 18 of our first 23 games at home," he said. "If we can win 13 or 14 of those home games and hold our own in New York and Baltimore, we might put some pressure on the Yankees right from the start. That should give our kids added confidence and prove a great morale builder for the entire club."

The Red Sox' record is 3-1 following Friday's 7-1 loss to the Yankees. A year ago they won six of their first seven but fell apart on the road, losing 12 of 15. By the time they returned home they were in seventh place. On June 4, they were 15 games out of first place. A spectacular second half season, during which they played nearly .750 ball, failed to boost them higher than fourth.

Steubenville Man Takes ABC Lead

George Wade Rolls 744 In Singles

ROCHESTER, N.Y. (AP)—George Wade, a lefty from Steubenville, Ohio, is, at the moment, the likeliest bet to take the single crown at the 53rd annual tournament of the American Bowling Congress.

With a rolling bombardment of 258, 247 and 239, totalling 744, the 33-year-old Wade Friday toppled Eli Pantila of DeKalb, Ill., who had been the leader since bowling 722 on April 9.

A sticky seven-pin (left handers' equivalent of the right hand "ten-pin tap") alone kept Wade from bettering the all-time ABC singles record.

The record of 775 was set by Lee Jougard of Detroit in the 1951 tourney at St. Paul, Minn.

The 41 open division challengers were led by Panetta's Restaurant of Albany, N.Y., who rolled 2,856 on games of 965, 887 and 1004.

The division is led by the Falstaff Beer five of Chicago, who have 3,092.

In doubles, the day's high total, 1,233, was tallied by Jack Piana and Patrick De Santis of Detroit. The leaders are Bill Lillard and Stan Gifford of Chicago who rolled 1,331 on arch 25.

Seven times during Wade's three games, the seven pin stood and each time he picked it off. He drew two other spares when he left a 6-9 and a 2-7 baby split. He picked off both, with the 2-7 coming in the last frame of his final game.

Should Wade's total survive to win, he would be the second left-handed ABC singles champion in two years. The 1955 title went to southpaw Eddie Gerzine of Milwaukee who rolled 738.

The only other left-hander to take the title was Marshall Levey of Indianapolis in 1907. Wade has bowled in 10 previous ABC tournaments. His 744 is the 14th highest singles score in the tournament's history.

Wade's big score in singles pushed him into third place in the all-events standings where the lead is held by Bill Lillard of Chicago with 2,018.

Wade has 604 in the team event Thursday, and 598 in the doubles.

Point System Urged For All Ring Bouts

HARRISBURG, Pa. (AP)—A point scoring system and a maximum age limit for professional fighters has been recommended for all states by a National Boxing Assn. committee drafting a national code to govern the sport.

A two-day meeting of athletic commissioners from six states ended Friday with two panels deciding on scores of major provisions that should be included in a uniform law.

Henry Lamar, of the Massachusetts Athletic Commission, said the panel of general and safety provisions which he headed, suggested minimum and maximum age limits of 18 and 35 for professional fighters.

The second panel on licensing and enforcement, headed by Julius Greenstein, Portland, Maine, recommended the code include the "10 point must" scoring system. Under that system the boxer winning a round must receive 10 points. The loser could receive any number up to nine and both boxers could receive 10, or a draw for the round.

At present, although the NBA recommends the point system, some states score by rounds and others use combinations of rounds and points.

Salem Quakers Trounce Louisville In Track Meet Here Friday, 72-46

Placing first in nine out of four events, the Salem High School thinclads coasted to their second straight win in two meets as they downed the Louisville Leopards at Reilly last night 72-46. The Quakers now boast a record of two wins and one tie in three meets.

The Quakers took first place in the first four events, but were edged in the shot-put and led at the end of five events 30-11. The two teams battled evenly in the next 4 events and with 9 events complete Salem led 53-33.

The locals scored heavily in the 5 concluding events and went farther into the lead to rout the visitors 72-46.

For the third meet in a row, senior Jack Alexander led the Salemites in the scoring department, as he scored 16 points on three firsts and a third. He won the opening event, the 120 high hurdles, with the good time of 16.8. He then won top honors in the high jump, with a leap of 5 feet 6 inches and the broad jump with an effort of 17 feet, 1 inch.

Luke Huddleston and Jim Horn split the first place points in the pole vault as they each jumped 9 feet 6 inches.

Captain Gary Painchaud walked off with wins in the distance events, running the mile in 5 minutes and 9.2 seconds, and the half mile in 2 minutes and 19 seconds.

Sprint specialist Herb Haschen again won the century and the 220 in 10.6 and 24.2 respectively. Ignoring the foul weather Haschen has bettered his time over each previous meet and with warmer weather he should be posting very good times in both events.

The Quakers also won the 880 yard relay with the time of 1:38.8. The team was composed of Larry Hepler, Dick Coppock, Bill Holworth and Herb Haschen.

Junior Fred Ziegler repeated with his third straight win in the discus, tossing the platter 118 feet 1 inch. John Buta of Salem finished second in the shot-put and Alexander came in third in that event.

Bob Howard and Dave Freshly finished two-three in the 180 yard low hurdles and Jim Horn, who tied for first in the pole vault, came in third in the high jump.

Dick Buta of Salem finished second in the mile run, beaten out only by Gary Painchaud. Nick Costa of Salem also added points for the Quakers as he came in third in the quarter mile.

Coach Karl Zellers and eight members of his team traveled to Mansfield today to enter the Mansfield Relays.

Herb Haschen will compete in the dashes and Fred Ziegler will be entered in the discus. Jack Alexander will be gunning for a repeat win in the high jump, in which he set the high school record in that event last year with a leap of 6 feet 3½ inches.

Others attending will be Dick Coppock, Gary Painchaud, who will most likely enter the half mile and possibly the mile, Nick Costa, Bill Holworth, and distance runner Mark Fenton, who was unable to compete in yesterday's meet because of illness, is slated to run, but may be unable to run.

The locals' next regular meet will be held Tuesday at Reilly when they engage the Girard High Indians in a dual affair. This meet will get underway promptly at 3:30 because of a school function which the Girard team will have to return to attend.

Olympic Hopefuls Meet In 31st Kansas Relays

LAWRENCE, Kan. (AP)—Any number of this country's foremost candidates for Olympic berths, headed by a dream shot put match involving the only two men ever to break 60 feet, mix their talents in the 31st Kansas Relays today.

Parry O'Brien, former Southern California ace now competing for the Travis, Calif., Air Force Base, who has the world's longest put of 61 feet 5½ inches to his credit and Kansas Bill Nieder, who pushed the 16-pound iron ball 60 feet 3 inches in a dual meet last week were scheduled to start their feuding in preliminaries beginning at 10 a.m.

The experts figured six or more meet records stood good chances of going by the boards. They included the shot, discus, javelin, university class, half mile and distance medley relays and the college division 2-mile and sprint medley relays.

Some 1,000 thinclads from 63 schools figured in the competition.

Leetonia Bears Win Track Meet

Harry Tullis came in with a win in his specialty the mile in 4 minutes and 55 seconds and he ran a leg on the winning mile relay team.

NEW YORK (AP)—Ron Delany, the anchor man and his Villanova mates were favored to take both the four-mile and the distance medley tests today in the Queens-Tona Relays—the final major tune-up for the Penn Relays next weekend.

Delany, who may race against mile record-holder Johnny Landy, when the Australian runs in two meets in Los Angeles next month, will anchor both Wildcat quartets.

Cards' Hurlers Again Bombed With Homers

By ED WILKS
The Associated Press

It's a new season, all right, but the St. Louis Cardinals' pitching staff is still staggering around with a homer hanger.

THE Redbirds were clipped for 185 home runs last season, a major league record. Now it looks like the mark may not last the year.

In three games, St. Louis pitching has been picked for eight homers, including the only grand slam so far in either league (by Cincinnati's Ray Jablonski, the ex-Card. Three of them came Friday night to overhaul an early St. Louis lead and get Milwaukeee started on a 5-4 decision that left the Braves unbeaten atop the National League.

Eddie Mathews smacked a pair of his first of the season, and Wes Covington poked the other, with a man on base, in a pinch-role as Milwaukee went 3-0 for the season. Right behind are Brooklyn, which shelled Pittsburgh 5-0 on Roger Craig's fifty-fourth homer and Junior Gilliam's four RBIs; and Philadelphia, which edged the New York Giants 2-1 on a bases-loaded single by Del Ennis in the 10th.

The Chicago Cubs whacked Cincinnati 12-1 in the other game behind a four-hitter by Sam Jones, who fanned nine.

In the American, Mickey Vernon drove in four runs as the New York Yankees walloped Boston's Red Sox 7-1; the Chicago White Sox remained unbeaten and in first place by beating Kansas City 6-3 as Ron Northey triggered a three-run ninth with a pinch, two-run homer; Cleveland won its first, beating Detroit 3-1 behind Early Wynn's five-hitter; and Baltimore gained its first victory with Gus Triandos' two-run homer that beat Washington 3-2.

Milwaukee homers came off starter Tom Poholsky, the big right-hander who gave up 26 poppers last season. Reliever Stu Miller was the loser, however, on Bobby Thomson's sacrifice fly that scored Mathews with an unearned winning marker in the eighth.

Dick Savitts Nearly Upset At Wimbledon

HOUSTON (AP)—Dick Savitt's powerful service collapsed almost completely in the quarterfinals but the big former Wimbledon champion today met top-seeded Vic Seixas in the semifinal round of the 22nd annual River Oaks Tennis Tournament.

Eddie Moylan, the nation's No. 5 player and seeded third, needed only three points to defeat Savitt but collapsed in the eighth game of the fourth set with severe leg cramps and had to default.

Hamilton Richardson, impressive in his quarter-final victory Thursday over Gil Shea, met seventh-seeded Herb Flam in the other semifinal.

Moylan drew terrific applause from an amazed crowd when he scored six straight placements after the cramps began. This gave him a 5-2 fourth set advantage before he collapsed in agony on the clay court and called loudly for a doctor.

In four sets Moylan had broken Savitt's service seven times but the match went in the record books as a Savitt victory: 6-2, 4-6, 5-7, default.

Lisbon Little League To Open Play June 4

LISBON—Lisbon's Little League season is scheduled to open June 4, according to Deane Beck, president.

The league will again have four major teams. Twenty boys who played in major league last season have passed the 12-year-age limit and will be eligible for Pony League play which will be sponsored by the Rotary Club on its new diamond at the Sadie VanFossum swimming pool.

Beck said the league will have minor league teams for boys who do not make the major league teams. He requests volunteer workers to help get the diamond in playing condition.

Fullmer Trips Tiger Jones Wins Decision In Bruising 10-Rounder

CLEVELAND (AP)—Gene Fullmer's slambang victory over Ralph (Tiger) Jones Friday night sent his stock as a middleweight jumping upward. And even before he was in street clothes, Fullmer was making plans to boost it again next month against Charlie Humes in New York.

The jut-browed West Jordan, Utah, copper miner, outslugged Jones for a unanimous decision in a bruising and cleanly fought 10-rounder before 2,374 fans. He weighed 160 to Jones' 157½.

After the fight Fullmer's manager, Marv Jensen, said he had arranged a May 25 bout at Madison Square Garden against Humes the European champion whom Jones upset a month ago.

Fullmer, currently ranked seventh middleweight two notches behind Jones, piled up a lead in the first two rounds, slipped a little at midway, then rallied to build much of his margin in the late rounds.

Although they mixed it up in furious exchanges all of the way, there were no knockdowns. Referee Lou Parker gave Fullmer a 97-94 edge, and the two judges rated it 96-95 and 97-89, while the AP card put Fullmer ahead 96-95.

Milk Producers Demand Relief

Ask Boost In Price Paid By Distributors

COLUMBUS, Ohio (U-P)—Ohio milk producers, demanding relief from the "price squeeze," Friday asked for a boost in the federally-set price paid them by distributors.

The requested increase would amount to approximately one cent per quart in the price paid to producers.

Most spokesmen for the producers urged an increase of 50 cents per 100 pounds for Class 1 milk—the kind you buy by the bottle. There are 46½ quarts in 100 pounds.

Most asked for an emergency increase extending through Dec. 31.

But Henry W. Ingersoll of Cleveland, executive-secretary of the associated milk dealers, said such an increase should be for only the months of May, June and July.

One producer spokesman, Earl B. Warner, consultant for the Miami Valley Milk Producers Assn., said the 50-cent increase would mean a similar boost for Class 2 milk. Class 2 milk is used in the making of dairy products like butter and cheese.

The hearing was conducted by the U. S. Department of Agriculture. More than 200 farmers, milk handlers and federal officials attended.

Milk distributors, mindful of the price they charge consumers, unsuccessfully challenged legality of the hearing.

A deadline of April 24 was set for filing final briefs.

Areas involved in the hearing included Toledo, Akron, Stark County, Cleveland, Columbus, Dayton, Springfield, Cincinnati, the Ohio River Valley, Lima, Findlay, Fort Wayne, Ind., and Clarksville and Greater Wheeling, W. Va.

The chairman of the Ohio Farmers Union attended the session, then later told a group of farmers in Circleville that the 50-cent increase, if granted, "would help a little, but not much." And, added Joseph Fichter:

"The amount of the requested increase is wholly inadequate to compensate farmers for the high cost of production. At best, it can only serve as a pacifier designed to keep farmers quiet for a while."

Joe E. Brown of Jefferson, co-chairman of the Ohio Dairyman's Bargaining Assn., told reporters there is no danger in Ohio of a milk strike such as that recently called in Michigan.

Here's what some other producer representatives had to say:

E. K. Berg, manager, Southeastern Ohio Cooperative Dairy Sales Assn., representing the Scioto County Cooperative Milk Producers Assn., the Marietta Cooperative Milk Producers, Inc., and the Hocking Valley Dairyman's Cooperative — "Low prices have continued too long and gone too low. This situation has led to considerable instability and destroys orderly marketing."

George A. Taylor, representing the Dairyman's Cooperative Sale Assn. in the Clarksville-Wheeling area — "We must keep our prices aligned with those in the Canton area because of the intermingling of markets."

Paul Eshler, a member of the Stark County Milk Producers Assn., also urged a price increase of 50 cents per hundredweight.

WASHINGTON (U-P)—The Senate Housing subcommittee today approved an omnibus 1956 housing bill authorizing a much larger public housing program than President Eisenhower asked.

The bill includes a big new program of housing help for elderly persons which Subcommittee Chairman Sparkman (D-Ala.) described as one of its most significant features.

In addition, it expands the FHA home loan authority to try to keep the private housing industry booming in the year ahead, and liberalizes terms under which FHA home improvement loans can be made.

Eisenhower asked authorization for 35,000 public housing units in each of the next two years.

But the subcommittee instead wrote into the bill language calling for a return to the 1949 act which set up an 810,000-unit public housing program.

Playwright

"Coquette" to await Mary's arrival and the play closed. The cast claimed that under an actors equity contract members should be paid two weeks salary in lieu of notice.

"An Act of God" — Jed Harris, the producer, contended the closing was an "act of God" and the equity contract was not binding. A board of arbitration overruled Harris. Upon Mary's birth she became known as the "act of God" baby.

Mary was 19 and just beginning a stage career when she died of polio Sept. 22, 1949. The MacArthur established a memorial room in Nyack Hospital in her memory.

The couple have an adopted son, James, now 18, who already has made his acting debut in a television play.

MacArthur was born in Scranton, Pa., Nov. 5, 1895, the son of the Rev. William T. and Georgiana Welstead MacArthur.

Between 1914 and 1923 MacArthur was a reporter on the Chicago Herald Examiner, Chicago Tribune and the New York American.

His plays were "Lulu Belle" in collaboration with E. Sheldon; "Salvation" with S. Howard; "The Front Page," "Twentieth Century," "Ladies and Gentlemen," and "Swan Song," all with Hecht; and "Johnny on the Spot."

Russians

Continued From Page One

face three main problems in their Middle East discussions:

1. How to evolve some system for rationing the supply of Communist and Western arms to the Arabs and Israelis. Britain reportedly has a plan through which the U. N. would ration shipments.

2. How to repel any aggressor in the troubled sector.

3. Talks about the Baghdad alliance of Britain, Turkey, Iraq, Iran and Pakistan. The Russians view the pact as a threat to them and want it broken up.

(The New York Times in a dispatch from London said the Kremlin chiefs parried a British proposal for a joint declaration limiting arms shipments to the Middle East.

(The Times said the Russians did not reject outright the suggestion put forth by Eden. But they insisted it was Soviet policy to sell arms to those who wished to buy them and that it would be inconsistent for Russia to take steps to restrict the sale of weapons to a particular country. Russia's satellite, Czechoslovakia, has been selling Egypt arms since last summer.)

Between talks on the Middle East, the Russians have been busy since their arrival plugging East-West trade, world peace and the abolition of armed forces.

Mr. and Mrs. Albert Johnston and family of North Benton were Tuesday evening callers in the Cecil Johnston home.

PORTLAND, Ore. (AP)—As the thermometer rose to 80 degrees here Friday groups of high school boys in two city schools turned up wearing Bermuda shorts.

The expanse of knobby knees was too much for school officials, and the boys had their long pants back on again before the day was out.

A spokesman for the superintendent of schools said there was no ruling covering the knees, but it would be up to the individual schools.

Fish To Be Stocked In Guilford Lake Sunday

The first two loads of walleyed pike to be stocked in Guilford Lake will arrive at the lake after noon Sunday. Clarence Wetzel, state representative, said today.

The fish are being transported from Lake Erie to Guilford by the Fish Management Division. They will be taken to the Service Building near Votaw's Landing at Guilford. Some of the walleyes will be tagged.

The lake is being stocked on an agreement Wetzel received whereby the state will haul all the fish to the lake and also match whatever fish the boatlandings buy. The fish being stocked will weigh about one to one and one-half pounds each.

Wetzel said the fish will be brought in unless the wind is too high on Lake Erie for Fish Management officials to bring in their nets.
